My favorite thing about 8th grade religious education was...

- the different activities and sacred space
- how we did so many fun activities to incorporate the lesson
- sacred space
- sacred space because it was fun
- sacred space
- the class was all around awesome
- all the fun activities that helped us learn
- that we could learn and joke around as a class and that it wasn't boring just reading
- having you as a teacher. Other people yell but you stay calm so it's easier to learn
- the sacred space because it gave me time to think

If I could change one thing about 8th grade religious education, I would...

- let people use their phones
- nothing...it was fun'
- I would change it so that we could do more activities
- nothing
- make it shorter
- make classes shorter
- have classes work together more
- less time
- nothing...I think you are doing a great job

Something I learned that I will carry with me for the rest of my life is....

- prayer
- the last lecture: to look for a horizon
- the ten commandments
- never stop trusting in God
- keep Jesus in my heart
- to pray when you need help
- to believe in God always and he died on the cross for our sins
- that God is always with me through the good and the bad and he will help me with my problems
- having a calm teacher makes it easier to learn
- that Jesus will always be here for us
