

Dear Dr Paprocki,

Thank you very much indeed for this email and invitation. I would be pleased to further a dialogue in a mutually respectful manner as the whole debate interests me very much and if I am in error I would want to see it since only truth sets us free.

As you will have seen, I am at the Synod at the moment and will not be free to engage seriously in this for another week or two at the earliest as I have had to put so many things on hold, nonetheless, I am very grateful to you for contacting me and I look forward to keeping in touch.

Yours sincerely in Christ,
Caroline
