

6th Grade Psalms – from the students of Joe Paprocki at Most Holy Redeemer Parish, Evergreen Park, IL (February, 2013)

O God, I'm sick and tired of so many things to do.

You've always been there when a relative passed away.

You've always helped me through the tough times.

Be with me when I go through my schedule.

God, today I am happy to be here to learn about you.

God, you helped me when I was really sick for a month.

God you help me to understand you by seeing and learning.

God, help me with homework so I can play games.

O God, I feel so tired.

You have helped me fall asleep when I was sick and could not.

God I am so thankful for you helping me in all of my situations.

I would like it if you could help me in fighting and getting angry. Thank you.

O God I am so tired of being at boring places.

Thank you for being there for me getting through the day of learning.

You are the God that never stops helping!

Be with me now as I climb up the big hill of work to do.

God, I feel bored.

You helped me before by putting me asleep.

You are strong and mighty, kind and smart and so amazing.

Please help me be excited.

O God, I am very tired.

I remember one time I was tired and you gave me the energy to play.

O God, you are such a nice person so I know you will do any favor I ask of you.

God please give me the energy for the rest of my life.

O God, I am so tired. I stayed up too late last night. O God, I am so tired.

O God, when I get tired, you help me get to sleep.

O God, you are the best ever for helping me get to sleep.

O God, please help me more often when I am tired. But other things too!

O God, I'm so tired of not being able to fall asleep at night.

You've always been there for me when I can't sleep at night. You help me to fall asleep.

You are the God who never lets anyone down.

I ask you to be with me tonight when I can't sleep. Help me to sleep for school.
