In other words, they identified what is “top of mind” for these age groups. I’ve assembled their ideas in the following PDF for your convenience: (*note - you may not approve of some of the things listed; this is not a list of what is appropriate for various age groups; this is a list of what they are into whether we like it or not!*). Hyperlinks are provided for some, for your convenience. – **Joe Paprocki, DMin**
